Pole Mount

Pin Pad terminals need to be mounted in such way that they are accessible to as much of the target population as possible. The following needs should be taken into account when mounting your Pin Pad:

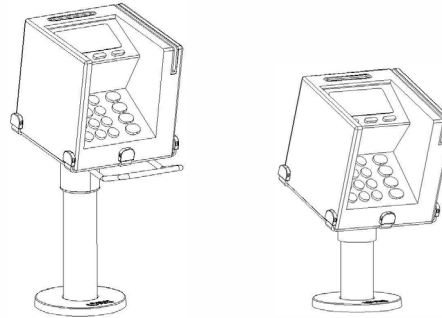

- Adjustable: angle of display and keypad entry surface
- Detachable - particularly for disabled customers
- Rotation - easy reach for clients and staff
- Security - shielding & theft

All of the mounts in the range for the Banksys Xenta comply to the needs above enabling you to mount your Pin Pad in almost any position.

Other mounting options are available on request along with other colours, pole heights and terminal plates. Please call us for a quotation.
