

Correction: Tyro volume and market share

1318796270

Tyro Payments processed a volume of 27.4 million credit and debit card transactions for a value of A\$2 billion during the 2010/11 financial year.

Tyro also processed 8.8 million Medicare payment rebates, half of these via the Eftpos network.

In the month of June 2011, the transaction volume reached 2.55 million transactions for a value of \$183 million. This represented growth of 51 per cent by volume and 44 per cent by value over June 2010

Merchant numbers at June 2011 were 4250.

Tyro's market share remains around 0.5 per cent.

The article on Tyro published on Friday quoted data for June 2011 only, rather than for the full year.
